

Let's Match the Shadows

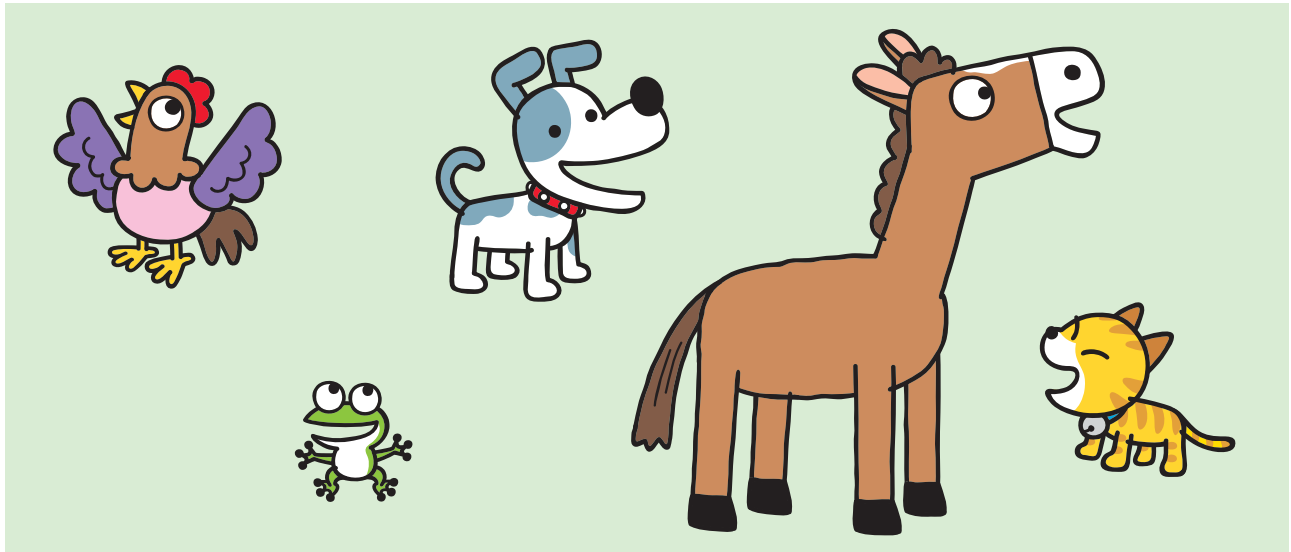

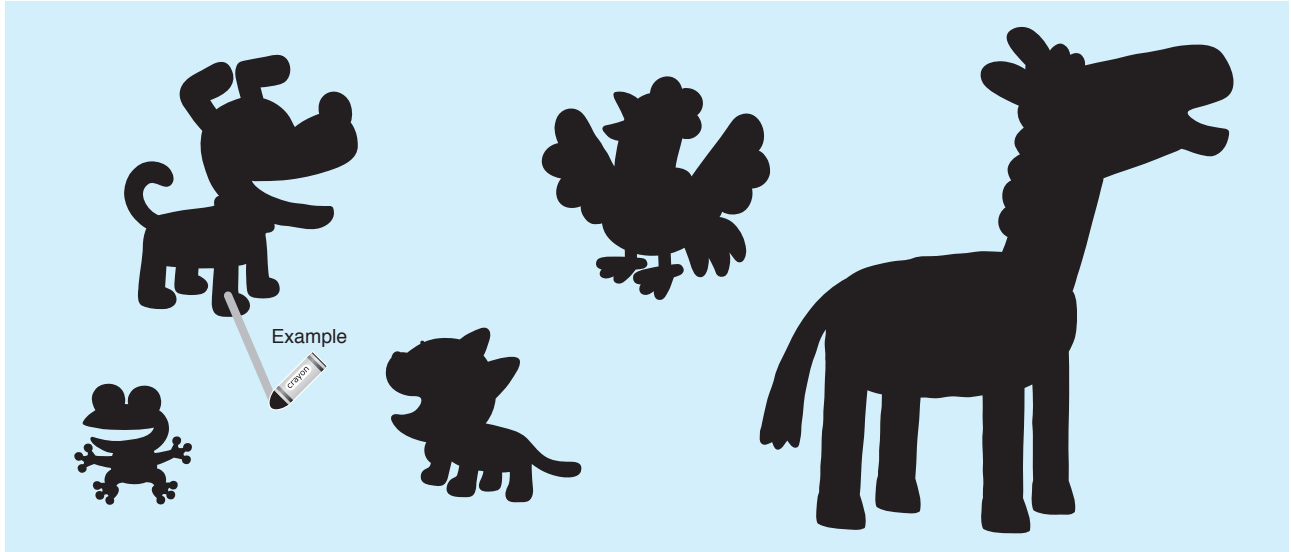

To Parents: This activity gives practice in matching shadows with pictures. Guide your child to look at the shadows first to determine the match for each animal. Ask your child to make each animal's sound.

Month	Day	Name

Draw a line between each shadow and the animal it matches.
When finished, see if you can imitate their cries.

Let's Draw a Matching Picture

To Parents: This activity encourages attention to detail and builds handwriting skills. After finishing the activity, ask your child to compare the drawing to the example to check for accuracy.

Month	Day	Name
-------	-----	------

Draw lines between the ●-s to make a picture that matches each example.

Let's Find the Match

To Parents: This activity gives practice recognizing distinct objects within a group. Each plate of four cakes has a matching plate. Guide your child to think of the four cakes as one set.

Month	Day	Name

Find each set of 2 plates of cakes that match.
Draw a line to connect each of them.

The image shows six plates, each containing four different types of cakes or pastries. The goal is to find two plates that contain the same set of four items. The items on the plates are:

- Plate 1 (Top Left):** Strawberry cake, chocolate cake, round cake with swirl, and a cookie.
- Plate 2 (Top Right):** Strawberry cake, cupcake, round cake with swirl, and a croissant.
- Plate 3 (Middle Left):** Strawberry cake, cupcake, round cake with swirl, and a croissant.
- Plate 4 (Middle Right):** Cupcake, cherry pie, cookie, and layered cake.
- Plate 5 (Bottom Left):** Cupcake, cherry pie, cookie, and layered cake.
- Plate 6 (Bottom Right):** Strawberry cake, chocolate cake, round cake with swirl, and a cookie.

An 'Example' label with a crayon icon is located between the top two plates, indicating that the two plates with the same set of items should be connected.
